100-Acre Highway Facing Project

SADASHIVPET

For investors who want to construct their dream home in the lush countryside and have convenient access to the capital city, Sadasivpet is the right location. Rich profits from your investment in ADITHYA ENCLAVE give you the financial security you need for a secure life.

ZAHEERABAD NIMZ

National Investment and Manufacturing Zone (NIMZ) is spread over 13,500 acres. Triton Industries has signed an MoU to establish a manufacturing unit for electric buses by investing Rs. 2100 crore, which is expected to create around 25,000 jobs. Other industries investing here are major international companies in the food, aerospace, defence, electronics, and agro-processing industries.

TELANGANA MOBILITY VALLEY

Telangana Mobility Valley (TMV) is India's first mobility cluster. The state government is aiming to attract Rs. 50,000 crore in investments and generate over 4 lakh jobs over the next 5 years. It will include electric vehicle manufacturing units in Zaheerabad.

REGIONAL RING ROAD

The Regional Ring Road (RRR), covering 338 km, intends to ease traffic congestion for people coming to Hyderabad from districts. The northern part of the RRR is already approved by the Center and is likely to increase the demand for real estate in Hyderabad and the surrounding districts. RRR helps connect major highways such as NH 65, NH 44, NH 163, and NH 765.

REGIONAL RING RAIL

Along 350 km of the Regional Ring Road, the Center proposes building an Outer Ring Rail-Bypass worth Rs. 26,000 crore. The innovative project would revolutionize commuting in Hyderabad and ease congestion at the city's major train stations.

Invest today for a prosperous tomorrow

Investing in ADITHYA ENCLAVE offers unmatched location advantages. Strategically located adjacent to the Woxsen University, the project faces the bustling National Highway 65 (Mumbai Highway) ensuring seamless connectivity and a convenient lifestyle to Hyderabad's urban hub.

Additionally, the proximity to the highway ensures easy access to essential amenities, educational institutions, healthcare, business parks, and developed infrastructure. This prime location promises a future filled with convenience and growth potential.
